Cut-offs for IIMB UG Admissions Test – 2026-27

A first shortlist is prepared comprising candidates who have secured a pre-determined minimum score on the QADI section. There are no cut-offs for the English Comprehension and Data Interpretation sections. Only candidates who have obtained a minimum raw score that is positive in all sections of the UG Test 2025 have been considered. For candidates in the first shortlist, a pre-PI (Personal Interview) score is created. The weight for Gender diversity is 5. The gender diversity component is applicable only for computing the pre-PI score and is not used in subsequent stages. Based on the pre-PI score, a certain number of candidates from each category, as per the Government Reservation, are selected for the next stage in the admission process.

ANNEXURE I

	Minimum Percentile requirements for the first shortlist*			
CATEGORY	**Section 1 (VARC)**	**Section 2 (LR)**	**Section 3 (QADI)**	**Total Score**
General	NA	NA	80	114
